## Chapter 1 by Adi Gonzales

Stop what you are doing right now (unless you're reading this then carry on). Look around you. Where are you right now? Maybe you're in a park under a tree, in a café or even reading this underground as a zombie. No matter who or where you are, there is always imperfection. Wanna know why? Why are you so capable of thinking? What is it that empowers your brain? Your conscience. Your conscience is imperfect because he/she is the reason for war. Because for every child born, there is always a fight happening between two consciences, not to see who is right, but who is left.

## Chapter 2 by Dave W.

and who's up and down and all over the place! Am I right folks?

This guy knows what I'm talking about.

Seriously though, seriously, what's the deal with this Donald Trump character?

I would assassinate him if he were president, haha!

calm down folks it's parody, it's legal, calm down. No need to get rowdy and disrespectful, and defended by lawyers.

Take your prison sentence like a champ. The prisons need more employees!

haha!
